Blackmood, for July, opens in a ricie on

The Principles and Issues of the American
Skraggle," with the remark: that "the fitter of the American politics has for every refective inhabitant of the Breisa Islan not
only a fiscalation, but a present interest,"
growing out of the fact that we are not only
the "Indred but their example in the solution of the public questions of the ers. We,
on the other hand, has been rapidly growing
indifferent—not to finglish political history,
for we do eare for the liberty and the welfare
of our kindred—but to that British opinion
to which we used to be so unbject. By standing aloof when their sympathy would have
been prized, they shave given us that independence of thought which we need, now
that we have to find our way along a path
upon which they can afford us no wholen.

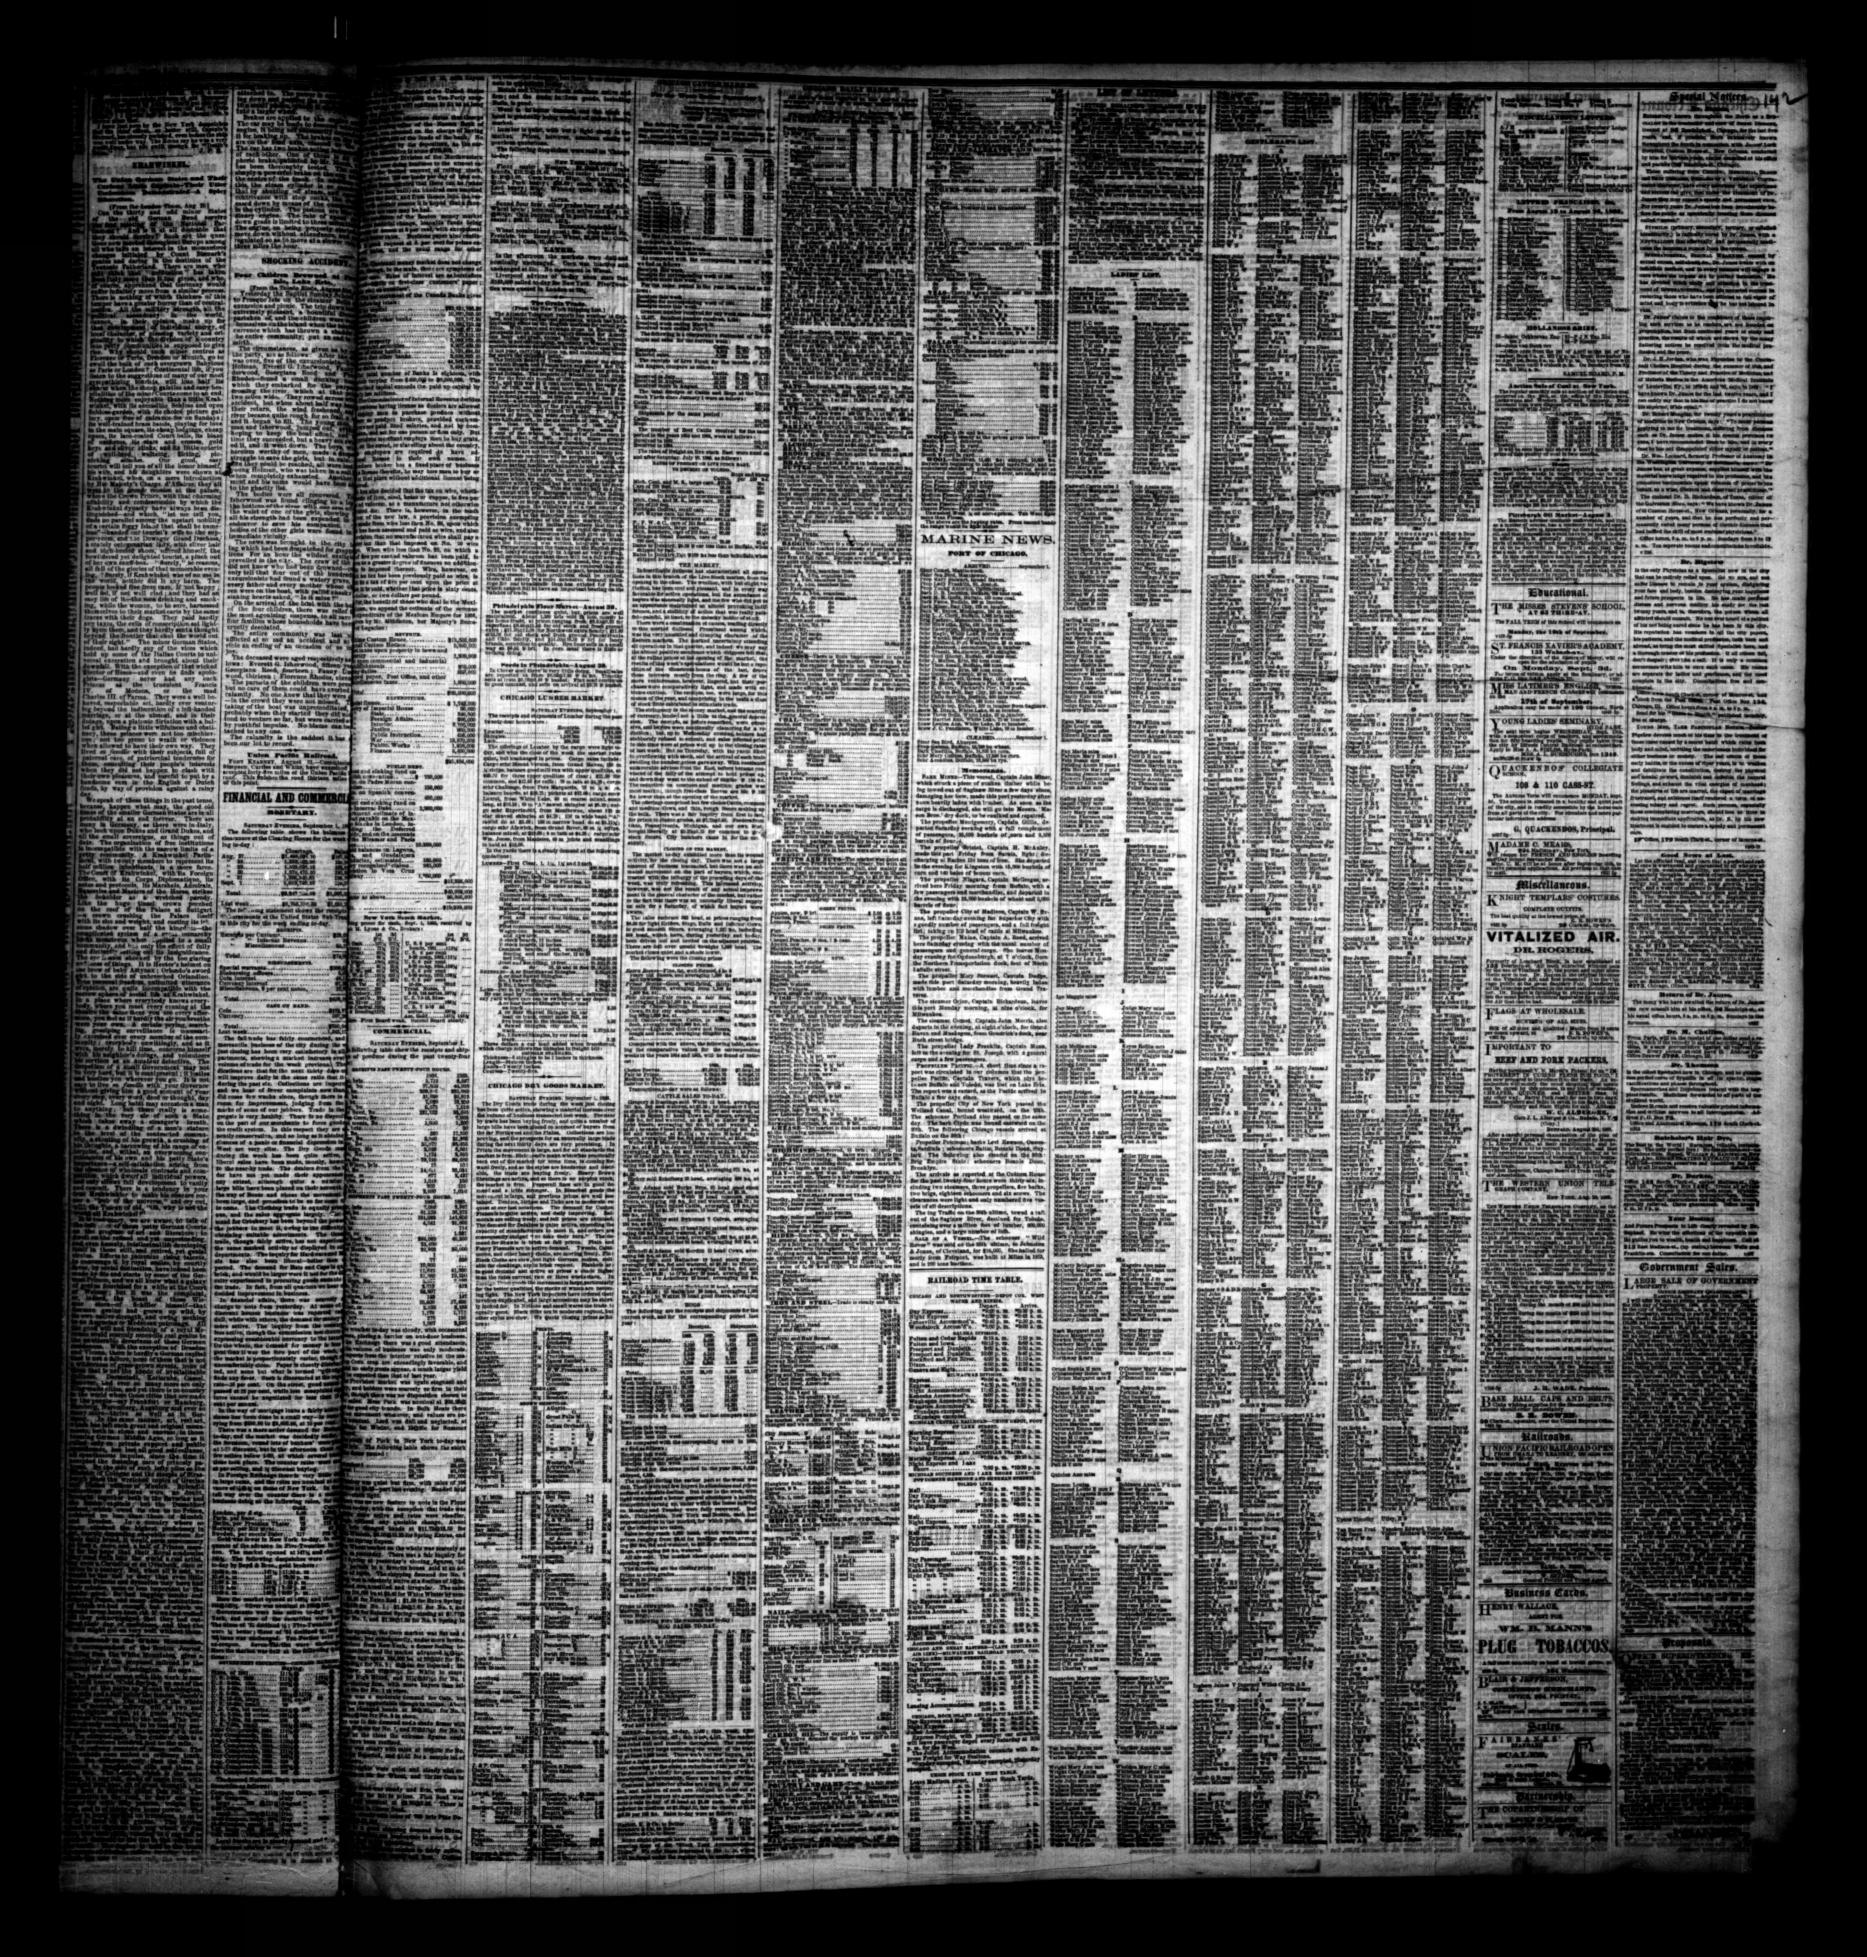

Still the views taken of a few secons the their Raprocessialives distillated to Congress have their Raprocessialives distillated to Congress have a mee in that body who, in violation of observations of the congress of the United States. The query of the concess up in the struggle that is now being the concess of the struggle that is now being the concess of the struggle that is now being the concess of the struggle that is now being the concess of the struggle that is now being the concess of the struggle that is now being the concess of the struggle that is now being the concess of the struggle that is now the concess of the struggle that is now the concess of the contraction and the properties assertion of the doctrine that they have the concrete own of the contract of the concess of the will circumstance."

When he affirms that Congress denies the contract of the late insarryent States. So be represented in Congress, an attern a Jeschood, when it asserts that Congress a Jeschood when he asserts that Congress as Jeschood when he asserts that Congress as Jeschood, when he asserts that Congress are to so to Fieldleton, (French) i small times, art of a newspaper.
